

Hey Little Oak Explorers,

Did you have an amazing winter? I hope so. I am so happy that spring has finally arrived, it is a truly remarkable time of year, and I am thrilled to see more sunshine. My favourite thing about Spring? I love seeing all the wildflowers come back to life, and I love seeing all the beautiful butterflies and moths emerge.

I have shared some of my favourite Spring finds with you below – see what you can see little oaks! And remember to breath in that fresh spring air, lie down in a meadow and look up at the blue skies, and to smell in all the scents all around you. It is truly a magical time of year.

Blackthorn: 11th – 14th

Wildflowers of the month:
Lady's Smock/ Cuckoo: 17th

Harebell: 23rd

Have fun Little Oaks! Live like its spring! ☺
